## UNION SERVICE HERE SUNDAY EVENING

Meeting Held At First Christian Church  
to Discuss Church Community  
Welfare League and Aims

The churches of Richmond will hold union service at the First Christian church Sunday night at 7:30 o'clock, which the work and purposes of the Church Community Welfare League will be discussed. Dr. R. L. Telford is given the Daily Register the following concerning its work and aims, which will explain much and be read with interest:

To Keep Children Out of Heaven. It is a new, and seemingly strange crusade for the church to endeavor upon—to keep the children out of heaven. But this is one of the objects of the Church Community Welfare League recently organized by the pastor of Richmond and fellow-workers in the church.

The mission of the church is certainly not to get children into heaven, many of them are going there.

Statistics show that 300,000 children under a year of age die annually in the United States from malnutrition and preventable diseases.

Who is responsible?

It has been well said that smallpox, malaria, yellow fever, and typhoid are longer diseases; they are crimes. Who is responsible?

Church, school and state must each share the responsibility.

The Church Community Welfare League has been organized to conserve both the physical and moral well-being of all people. Its object is to study and improve religious, social, civic and economical conditions in Madison county. To achieve this end it seeks to unite all the moral and spiritual forces of the county in a federation of common impulse and obligation for the social, civic and religious betterment of our people.

It seeks to mobilize the progressive forces residing in our churches and schools and in the clubs and social organizations of the county, in the fraternal and benevolent orders; in the boards of health; in the city councils and in the county and city courts, and unite these in a community league for county betterment and civic improvement.

The program of the league will be more fully outlined at a mass meeting in the Christian church next Sunday night.

In the program of the league, a large place has been made for the returning soldier. We owe him a debt of gratitude we can never repay.

A two day's conference with an active program is being arranged for the near future, with special reference to the returned soldier. A banquet is also being arranged for the ladies of the league to be given for our soldier boys on the last night of the conference.

Study its plans and purposes and prepare to line up with this league. It is non-denominational. It is a community league—a get together league. In all human progress social consciousness must precede a social conscience, and a social conscience is a necessary antecedent to reform.

This is a prime object of the league. To develop a social or community consciousness, in order that a public conscience may be created wherever it does not exist in regard to physical and moral health and well-being, and to quicken and enlighten it wherever it does exist.

The surest way in America to eradicate an evil is to lay the facts in an intelligent manner before the people.

This will be one of the functions of this league. It will seek to rally everywhere in our county moral purpose and intelligence to the support of all physical, moral and spiritual health agencies.

In seeking to become a conservator of social health, the league has a large place in its program for the recreational life of the community. Its plan for recreational activities will be set up in due time.

The one object of the league is to promote the material, mental, moral, and spiritual well-being of our people. Its motto might well be—not merely something to live on but something to live for.

Old time missionaries went forth to teach people how to die.

This league hopes to send out missionaries to teach people how to live. It hopes to inaugurate movements for social and civic betterment that will make life for all who live in Madison, safer, sweeter and more wholesome.

R. L. TELFORD.

Friends and relatives in this county were grieved to learn of the death of Theodore Kelsey Dykes, which occurred at his home near Boonesboro, but in Clark county, Thursday night after a two weeks illness of influenza, pneumonia and jaundice. He was born January 26, 1885, being 36 years old the past January. His mother preceded him about five years. He is survived by his wife, who was Miss Sallie Parker, to whom he was married about 10 years ago, and one son Luther Henry, aged about seven years, and three brothers, H. P. He was noted for his industry and integrity. He was a member of the Christian church, having united in early manhood.

The entire family seems to have been particularly unfortunate as to illness this winter. His wife and son have recently recovered from influenza and the families of both brothers in Lexington are very ill. Caleb just beginning to sit up from influenza and pneumonia, and Ben's baby is low with the same disease, and the child's mother is dangerously ill in the hospital. ## 40 Acres of “Warrenwood” Sold At \$227 An Acre

“Warrenwood,” the Metcalf farm of 420 acres, in Boyle county, which was recently bought by Squire W. M. Fields of Hustonville, and put up at auction Tuesday under the management of Col. G. B. Swinebroad, the Lancaster, “land king,” was not sold, but a good bid was made for it. Lafe Dunigan paid \$277 per acre for 40 acres of the unimproved land and a bid of \$193 was made on the remainder, 383 acres but not accepted. It is rumored that the latter boundary has been sold privately. It is understood that Squire Fields paid \$85,000 for place. The part he sold at \$227 an acre and the offer of \$193 an acre on the other would have realized \$85,929.

## Union Service Sunday Night

There will be a union service Sunday evening at the Christian church at 7:30 o'clock. This meeting will be in the interest of the Church Community Welfare League which was organized last Sunday afternoon. The aims

of the League will be set forth at this meeting in several short addresses by the pastors of the city and others. The question of a community house will not be brought up at this meeting as there is much foundation work to be done before this hope can be realized. The Church Community Welfare League has a much broader scope than that of our own town and the immediate vicinity, as its work is to extend to every part of Madison county.

The members of this league will meet in the basement of the Christian church at 6:30 o'clock Sunday evening to hear the report of the committee on Constitution and nominations.

## MEET TO PROTEST UNJUST TAXATION

Taxpayers and Citizens From all Over County Hear Indignation Speeches At Court House Today.

Notwithstanding the rainy weather, a crowd of several hundred taxpayers gathered in the court house at half past one o'clock this afternoon to discuss the increased tax assessment placed on Madison county and the road tax election to be held March 29.

County Attorney Jackson presided and stated the results of the effort made by a special committee to get a reduction from the State Tax Commission at Frankfort. He gave figures to show that Madison is being treated unjustly and assessed as if all of her territory is blue grass land.

County Judge Price also touched upon the tax question and discussed the proposed road tax. He told of the need of good roads, and pledged the best efforts of the Fiscal Court, if the tax is voted, to see that every section gets a fair and square deal.

Hon. W. B. Smith spoke at length on the matter, and urged as a reason for the constantly increasing taxation that the people are not seeing that their elected officials do their duty. He reminded his hearers that they are the government, and in the final analysis, what they say must be accomplished, but if the officials are allowed to be lax in their duties, the people will continue to suffer.

S. M. Saufley, of the Daily Register, said that if Madison is being given an unjust assessment, he is in favor of fighting it out with the State Tax Commission to the last ditch. He said that affidavits should be taken from leading land owners all over the county showing the injustice of the raise of \$4,200,000 on Madison, and the actual valuation of the county, as a whole, per acre, and this should be immediately presented to the State Tax Commission, with capable attorneys handling the matter, and fighting the unjust increased taxation that is sought to be saddled upon the taxpayers of this county, to the last court. He offered to contribute to a fund to employ counsel, if necessary, that every legal remedy may be employed to protect the taxpayers of this county. He pointed out that Montgomery county is facing the same sort of situation, and thought it might be well to consult with the taxpayers there and take joint action, if considered advisable.

County Road Engineer Baxter followed with a discussion of the proposed road tax, and special election. He was talking when the Daily Register's reporter for today closed.

## Increasing Business Requires More Room

F. H. Gordon, coal and feed dealer, is expanding his warehouse accommodations on Estill avenue. He is adding building material of all sorts—lime, cement, sand, crushed rock, sewer pipe, to his lines, and needs more room to handle his increasing business. He has leased from the Richmond Ice Company a large warehouse, adjoining his present quarters, and giving him 4,000 additional square feet of floor space. There is sufficient railroad siding to enable him to unload 10 cars of material at one time if necessary.

Mr. Gordon's business in all branches has grown by leaps and bounds. He says that he attributes it largely to his motto of "The utmost satisfaction to the customer" and to his advertising in the Daily Register. Mr. Gordon has increased his advertising space steadily since he first began business. He has found that there is no possible way in which he can talk as cheaply and effectively to the 40,000 people of Madison and many other thousands in adjoining counties as he can through the Daily Register columns. He must be getting satisfactory returns for a hustling and progressive business man like he, would have space in this paper if it were not bringing him in results.

**HOW MERCHANTS MUST FIGURE**  
"Add the cost of merchandise bought for sale during the year to the inventories taken at the beginning of the year. From this sum deduct the inventories taken at the end of the year. The balance is the cost of the goods sold. This cost, plus business or 'overhead expenses' when deducted from the gross receipts, gives the correct net income of the business."

This is the formula laid down by the Internal Revenue department for determining the net income of the retail merchant. The department emphasizes the importance of accurate book accounts and periodical inventories. The individual retailer may take a salary for his services, but if he does so, he must consider such salary as a part of his income. Under the item "wear and tear," a retailer may claim reasonable depreciation on property used in the business. On fixtures the allowance is usually 6 to 10 per cent, on horses and wagons 5 per cent.

## Miss Metcalf's Recital.

No young artist could have had a more cordial or friendlier audience than that which greeted Miss Alice Metcalf at Caldwell auditorium last evening. She won all hearts at the outset of her first group of songs and each recurring piano number but increased the wonder and admiration of her listeners. The young singer's beautiful mezzo was at its best in Gleam's "Twilight." The high note, however, taken without sign of effort in "Love's in my Heart," marked a voice of unusual range and most pleasing in its contrasts. In regard to the piano numbers, it is hard to discriminate. Let us just say that it was an artistic offering of a favorite

The Home of "Vatican," "Bermuda Girl" and famous "Nell"

at Public Auction

ON

WED., MAR. 19th

AT 10 O'CLOCK A. M.

ON THE PREMISES

I will offer for sale for James J. Neale, this fine farm of two hundred and two and one-half acres, situated on the Lexington pike, (Dixie Highway), about one and one-half miles from the city limits of Richmond, Madison county, Ky.

This farm is known all over the United States as the home of Vatican, the great sire, and Nell, the first mare to produce five trotters in the 2:10 class, including Bell-Vara with two world records to her credit; and Bermuda Girl, a Futurity winner in the nineties.

Richmond is a city which has always been noted for its morality, its culture, and its wealth. Educational facilities are unbounded—the Eastern Kentucky State Normal School, Madison Institute, and two large High Schools make it an educational center.

**WITHIN 50 MINUTES BY AUTOMOBILE TO LEXINGTON, KY.**

The farm faces on the Dixie Highway from the south side—the right side, because the prevailing winds are from the south and the dust always goes the other way, and the afternoon shade will always be on the front porch.

**ALL THIS LAND IS WELL WATERED WITH PONDS and SPRINGS**

There is no better land in the Bluegrass, and real bluegrass will continue to go up for years, because it is limited in amount and is considered the most productive land in the world. Everybody wants a piece of bluegrass land. It is known all over the world. It will raise Corn, Tobacco, Hemp, Wheat, Oats, Rye, Truck Garden—anything that grows in moderate climate. It produces the Kentucky Thoroughbred, export cattle, fine hogs, sheep, and develops them to perfection.

I am going to sell this farm for the High Dollar, and if you want land, come and see this.

**To See It Is to Want It**

For the benefit of those who want a home and are unable to buy the whole tract, it will be offered in tracts, and then as a whole. Where will you ever again find a more beautiful place for a home than these small tracts?

**The Four Tracts**

**TRACT No. 1**—30 acres, unimproved, facing on Dixie Highway, a beautiful building site, adjoining the land of Mr. H. B. Hanger.

**TRACT No. 2**—30 acres, unimproved, facing the Dixie Highway, another beautiful building site, adjoining the above tract.

**TRACT No. 3**—60 acres upon which is located a tenant house, large barn with silo, which can be used for either stock or tobacco barn. This tract is between Tract No. 2 and Tract No. 4 and has an excellent building site for a dwelling on the Dixie Highway.

**TRACT No. 4**—82½ acres upon which is situated an excellent modern dwelling, with water and lighting systems, all necessary outbuildings, 2 large barns, one with silo, can be used for either stock or tobacco, tenant house and everything essential for a good home. This tract faces the Dixie Highway and is bounded on the north by the Jack's Creek pike.

I have made many sales in Madison county, and I have never failed to sell any land I have offered.

This land is up for sale to the highest bidder and it is going to sell.

**IMMEDIATE POSSESSION**

**DON'T FORGET THE DATE**—Wednesday, March 19th, 1919, at 10 A. M.

**Richmond Daily Register**

S. M. Sealey, Editor & Proprietor

Entered at the postoffice at Richmond Ky., as second class mail matter under Act of Congress of 1875.

Rockcastle county is to vote on the 20 cent road tax question March 15th, and if letters that taxpayers are publishing in the Mt. Vernon Signal are an indication, it is going to carry by an overwhelming majority. The farmers of Rockcastle know what real bad roads mean and they want to improve them if there is any to do it. Even if the assessment of Madison has been increased somewhat, every time you make a good road, it makes the land along it that much more valuable.

**HENRY YOUTSEY IN RICHMOND**

Henry Youtsey, who served 19 years in the state prison for complicity in the murder of Governor Goebel, has been in Richmond a couple of days selling a special gasoline tank to garages.

It is arranged so that the customer may see the gasoline flowing to his car. Youtsey was recently paroled by the State Prison Board. He is the only one of the conspirators who confessed his part in the tragedy which shook the state almost a score of years ago.

**GILES BUYS A FORD TRUCK**

H. N. Giles, the popular merchant at Valley View, has just purchased a nifty Ford truck to use in connection with the coal yard he recently opened at that place, and which is proving a decided convenience to that section of the county.

**ENTERTAIN DELIGHTFULLY**

One of the most enjoyable social sessions that the Richmond Lodge of Elks has had in years, was enjoyed Friday evening. Ten candidates were given the beautiful and impressive degree of this great order, and a lunch followed, which was pronounced by all as par excellent in every way.

One of the features of the menu was the barbecued beef, which was most appetizing; in fact an abundance of good "eats" was on the tables, and the evening made delightful in every way to the members, new and old.

Peruna as it was beneficial in

restoring my health when I was

all run down from overwork and

nerves worry and was unable to

keep up my regular work. A

friend recommended Peruna and

said he was sure that it would

restore my strength. I soon found

that I was getting better and in

a little over two months I was

able to resume my duties with

renewed vigor and strength. It

certainly is a wonderful medicine

to vitalize the system."

**"CAN I BE CURED?" SAYS THE SUFFERER**

How often have you heard that sad cry from the victims of disease. Perhaps the disorder has gone too far for help, but oftener it is just in its first stages and the pains and aches are only nature's first cries for help. Do not despair. Find out the cause and give nature all the help you can and she will repay you with health. Look after the kidneys. The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering and throwing off the poison that constantly accumulates in the system, everything goes wrong. GOLD MEDAL Harlem Oil Capsules will give almost immediate relief from kidney and bladder troubles and their kindred ailments. They will free your body from pain in short order. But be sure to get GOLD MEDAL. Look for the name on every box. In three sizes, sealed packages. Money refunded if they do not help you.
